

Cablesson: About us

Cablesson is a leading online retailer of media and electronic accessories. We design, manufacture, retail and support our own range of cables and are currently in the process of expanding our geographic footprint.

We are a fast growing company and require committed, creative and hardworking individuals to join our team. We founded our company on the belief that there is a real potential for providing a great product at a great price with excellent before and after sales support.

We have over the years remained committed to providing our clients with quality, customised service at competitive prices and it is this business model that has allowed us to expand and grow.
